

Hello

Welcome to Via's Deli and Bistro

Via's started as a coffee shop in 2008. Our original aim remains our aim and motto today: to provide a place for all the people of Greyton as well as our large farming community to come and enjoy real coffee and good wholesome food in a relaxed and friendly environment. As an addition to our operation we have now installed the best Coffee Roaster available!

Integrity, honesty and good value for money is our motto. We ask of our staff to be friendly, loving and caring towards our customers. Via's as a business has been dedicated to our Lord and Master Jesus Christ and we place a high value upon this. Everything we say or do should reflect this dedication.

Try our selection of Fine Roasted Coffee Beans and all the trimmings to make a perfect cuppa! And yes, have a look at our "yummy" cake selection from the deli fridge. We love doing things the right way, and as always, if there is a concern, please ask any of our faithful, friendly waitrons and they will gladly help you. Sit back relax and enjoy, let us do the rest!

Change your Coffee, Change the World. Follow our Coffee Network.

We want to make coffee in the cup deliver upon the promise made by the aroma of freshly ground coffee.

Would you like some coffee?

We have taken a lot of time and effort to perfect our coffee in order to provide you with the perfect cup, each and every time. We even do our own roasting with coffee beans packed and sold. If you ever feel that your coffee does not meet your standards, please do tell us, so we can source the very best origin! Below are a few Coffees of Origin that we have carefully sourced,

EL SALVADOR

The dry fragrance a healthy dose of dark cocoa. Caramel-butter aromatics emerge in the wet grounds, with chocolate syrup, cocoa powder, and stone fruit permeating from beneath the crust.

COLUMBIA

The aromatics are fairly mild, fruited, and have marked sweetness, nut roast tones and hints of citrus. There are more toasty nut notes in the wet aromatics, with raisin fruit.

SIDAMO - organic & decaff

More developed roasts have more of that whole fig bar flavour, turning 70% of dark chocolate, which is maintained through the long finish. This Sidamo has great body and amazing mouthfeel.

CERRADO

The lighter roast dry fragrance has strong toasted almond-hazelnut aspect and an interesting malty grain sweet note with a pine hint. There's a touch of tamar in there too, a more savory/umami tone.

OUR HOUSE BRAND

We are always cupping our single origin for quality, flavour, aroma, body, acidity, sweetness, after taste, and balance. This ensures our coffees are consistent and of exceptional quality. All our coffee is stamped with the roast date of the beans on the back of the packaging, so you know exactly the age of your coffee and can use it at its optimum freshness. So next time you in Via's purchase a bag of our very own "House Brand" -

perfectly sweet!

We always have an enviable selection of decadent cakes - have a look at cake counter and see what's on offer for the day - please don't be shy - time to tuck into something perfectly sweet?
